# BEING A TYNDALIAN

At Tyndale we actively encourage every person to belong rather than attend, to become a part of the community and a part of the family.

One of the main choices we face in life is whether we will be spectators or participants, and this is no different when it comes to schooling – for parents, staff and students.

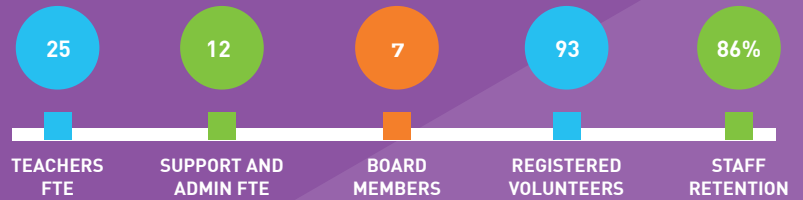

As you look through this report, we trust that you will not just see the results, but that you will also get a glimpse as to the heart of the place, and the true community we strive to be.

**Core purpose:** To provide an excellent, inclusive Christian education that equips our students to serve God and His world.

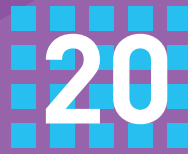

**Vision:** To be a Christian community that fosters innovation and excellence in its programmes for the academic, vocational and physical development of students; nurtures spiritual and emotional growth and prepares students to move into life beyond the School, confident and competent in their chosen field, and with an understanding of their spiritual and social responsibilities to the local, national and international communities to which they belong.

**Mission:** To identify, encourage and develop the potential in each child through: effective selection, training and retention of staff to develop and deliver a balanced, best-practice programme of learning which is integrated throughout the student's time at the School; and building a community based on relationship with God and each other where the character of Christ is valued, developed and displayed.

## Pastors Morning Tea

Our annual Pastor's Morning Tea was held on 31 July 2019. It was a wonderful time of fellowship and engagement as we discussed the challenges facing local churches and Christian schools. We had the opportunity to also spend time in prayer for our School and the wider community.

## Grandparents Day

On Friday 14 June 2019 we held our annual Grandparents Day. All who attended were able to enjoy the day and celebrate this special occasion.

As a School we believe that as we journey through life our experiences and relationship form the person we become, as we seek to serve God and His world. With this in mind the importance of the relationships for our students with each and every member of their family – including their grandparents is vital and why we take the annual opportunity to celebrate this as a community.
